The impression is prevalent up here that a bir oil well has been struck on Jim li, run's place near Humboldt. These who bere the well are evicently trying to keep it quiet, and have given out the word that the well doesn't amount to much. But C. L. Whitaker was down there Sunday, and he says it must have been sone from the word that much of a flow from a well which has never been shot, is considered pretty good. We sincerely hope that the well will prove to be a gusher. The more oil we find in this county, the smoother will be the road back to prosperity.

The REGISTER reported last week briefly the burgiarizing of the house of J. S. Ledford. We are glad to be able this week to report that the thief has been caught, convicted and lodged safely in jail. He is a young man who gives his name as Charles Latham. He was apprehended at Topeka and Sheriff Ausherman wenithere Saturday and brought him here. He was taken before Justice Morehouse on Monday, and, although the value of the goods stolen was sufficient to constitute grand larceny, he was permitted to plead goilty to petit larceny and was fined \$20.60 and costs, and sentenced to sixty days in jail. The chances are that this is not his first offence, as the officers found more than twenty keys of all kinds on a cancer on his face.
